This time it was Witt who pushed he pill. The little ex-Cairo and Vinennes pitcher was in elegant form and though the Indians secured eight hits off him and worked every scheme known to them to get men over the plate the best they could do was two, just half the number which would have been necessary for them to win. "Bill" Frakes officiated in the box for the Indinas and the seven hits which were cloutest out of his deliv ery came in a bunch and resulted in three runs being registered at the

He did not deliberately allow any of their men to have a base when they were legitimately aut, but he worked to the same end, alling Cairo runners out when they were safe by a village block. In the forth ining he called both Lemon and Hughes out at first when they were sife by a rod. He called Lemon, Marre and Roland out at the pan without giving his decision any consideration whatever and it is a roseate cinch that any other umpire alive would have lad eyes enough in his head to allow one of the men his score, for to the fans they all three looked pretty sab.
